Hi all ,

When Mathy was in CO on Friday – he asked for the following for Weds – a couple of times:

## **Documented comments EPA made about state's approval to plug the American Tunnel**

Evidently, the info below goes to this issue – and I believe I have seen some questions moving around that frame the issue – however wanted to make sure that everyone was aligned as we move quickly.

Thanks ng

. For the current webpage, go to the second document listed (joint motion for entry of consent decree and order). Scroll to page 5 which is titled, "responses to comments of the United States environmental protection agency on the consent decree and associated permits." You don't get the cover letter which used the word appreciative at least 5 times but the attached comments are quoted in italics. Hope that helps. - lw
